

Sam Spurlock

ABOUT ME

Hello! I am a University of Oregon Student studying Computer Science and Psychology with a drive to lead and learn. I am passionate about creating a better work environment and am looking forward to sharpening and working alongside a variety of people.

EXPERIENCE

Educational and Community Supports - *Quality Assurance Specialist*

EUGENE, OR

2025 - PRESENT

- Reviewed business requirements, use cases, and user stories to ensure accurate test coverage. Developed and executed detailed manual test cases and scenarios, while tracking results and documenting defects. Collaborated with product owners, developers, and support teams to identify issues and improve overall product quality.

Ballmer Institute for Children's Behavioral Health - *Research Assistant*

PORTLAND, OR

2025 - PRESENT

- Contributed to program evaluation research within the Ballmer Psychology Program by coding and analyzing qualitative data from student training feedback. Utilized tools such as Excel, SharePoint, and Word to organize and interpret data, while gaining training in human subjects research, implementation science, and clinical psychology methodologies.

Knight Library - *Lending Services Assistant*

EUGENE, OR

2022-2025

- Demonstrated proficiency using ALMA to support library operations and circulation services. Provided one-on-one assistance to patrons with digital systems and check-out processes, while helping navigate library resources and troubleshoot technical issues. Contributed to smooth daily operations through effective problem-solving and clear communication.
